It celebrates innovation, a compelling investment proposition and the ability to meet the changing needs of investors. The award highlights an ETF that has successfully established its presence, attracted investor interest and demonstrated strong potential for future growth. SCHRODERS

We are delighted to be recognised as Best ETF Newcomer at the Online Money Awards. This award is a strong endorsement of the progress we've made since launching our Active ETF business, and reflects the strength of our investment capabilities, our focus on delivering for clients, and the collective effort across our teams.

BEST INVESTMENT PLATFORM

The Best Investment Platform award recognises the provider offering an exceptional investing experience for UK customers. Platform functionality, ease of use, investment choice, value for money, customer service, innovation and digital capabilities are all rewarded. The award celebrates excellence in helping investors manage and grow their portfolios effectively.

WEALTHIFY

We're honoured to be recognised at this year's awards, and the fact that this win has been voted for by our customers makes it even more special to us.

At Wealthify, our mission is to make it really simple for people to invest with confidence, which we do by allowing them to leave the hard work of picking stocks to our experts. This requires a lot of trust in us to make the right decisions, and it's great to see this reflected in our customers' votes for us.

Their feedback is extremely important and is at the forefront of everything we do, which is why we're always asking them what they want to see next.

Having built a solid suite of investment and savings products over the last ten years, our focus is now on making these even better – whether that's by making our app more intuitive, making it easier to transfer money between Plans, or making our ISAs flexible so customers can get the most out of their annual tax-free allowances.

It's wonderful to see our team's hard work being recognised with this win, and we couldn't be more grateful to all the customers who voted for us.

BEST INVESTMENT TRUST FOR INCOME

The Best Investment Trust for Income award recognises an investment trust that has delivered strong and reliable income for investors. This award celebrates strong dividend delivery, yield sustainability, portfolio quality, risk management and the overall performance. The winners will honour a trust that meets the needs of all income-seeking investors whilst maintaining long-term value and resilience.

ABERDEEN EQUITY INCOME TRUST

We are delighted to be recognised once again as 'Best Investment Trust for Income', particularly as this award is voted for by private investors, whose needs remain at the heart of our decision-making.

Over the past year, we have taken an important step forward with the successful combination of Aberdeen Equity Income Trust and Shires Income. The overwhelming support from shareholders, with over 96% of Shires shares rolled into the enlarged trust, reflects the strength of our income proposition and our engagement with investors. Under the management of Thomas Moore and Iain Pyle, the trust continues to build on its disciplined approach to delivering a resilient income stream.

The combined trust benefits from greater scale, enhanced liquidity and lower ongoing costs, strengthening what we believe is a compelling income offering. We have also been encouraged by continued demand for the shares and a discount narrower than the sector average.

As an AIC Dividend Hero with a 25-year track record of dividend growth, we remain focused on delivering dependable income for shareholders, while ensuring the trust continues to evolve to meet the needs of today's investors. We encourage shareholders to stay informed through our regular investor updates here.

BEST OVERALL FUND GROUP

The Best Overall Fund Group award recognises the UK fund management firm that has demonstrated exceptional investment excellence across its fund range. Judges assess long-term performance, consistency, risk management, investment expertise, innovation, and client outcomes. The award celebrates a fund group that delivers sustained value and excellence for investors.

ABERDEEN GROUP PLC

We are delighted that Aberdeen has been named 'Best Fund Manager' at the Online Money Awards 2026. This recognition is especially meaningful as it comes directly from private investors, and we would like to thank everyone who took the time to vote for us.

At Aberdeen, investment trusts remain a core part of our offering to private investors. We believe shareholder engagement plays an important role in their long-term success, with the closed-end structure enabling investors to have a genuine say in how their company is run through voting, as well as direct interaction with boards and managers.

Recent data also highlights the role investment trusts can play in portfolios.

interactive investor's ISA Millionaire data shows that these investors hold more than twice as much in investment trusts, as a proportion of their portfolios, compared with the average investor on the platform. Meanwhile, AIC data shows that, over ten years, 77% of investment trusts have outperformed open-ended funds run by the same manager.

At Aberdeen, we remain focused on clear, transparent communication to help investors make informed decisions throughout their investment journey. For those who would like to hear more, you can sign up for email updates at the bottom of the page here.

TRADENATION

We are incredibly honoured to be named 'Best Spread Betting Provider' at the 2026 Online Money Awards for the third consecutive year. This recognition, backed by over 9,000 votes from retail investors and traders, validates our unwavering commitment to transparency, fairness and to empowering our customers to outperform the markets.

AIM MARKET COMPANY OF THE YEAR

The AIM Market Company of the Year award recognises an outstanding company listed on the UK's Alternative Investment Market (AIM). Judges assess business performance, growth, innovation, governance, market achievement and value creation for shareholders. The award celebrates a company that has demonstrated excellence, resilience and strong strategic execution.

80 MILE PLC

We are honoured that 80 Mile has been named AIM Company of the Year. This award recognises the disciplined execution and strategic progress delivered by our experienced team over the past two years.

From acquiring the Jameson Land Basin and securing a fully funded JV for two deep exploration wells in H2 2026, to mobilising rigs at the Disko-Nuussuaq project where drilling will commence next week and advancing the restart of the Ferrandina Biofuels Plant in Italy toward production of sustainable fuels, we have built real momentum across a diversified portfolio.

The Jameson project stands out as one of the largest conventional oil opportunities remaining in the Western world, with independently estimated prospective recoverable resources exceeding 13 billion barrels. Meanwhile, Disko offers Tier-1 nickel-copper-PGE potential, and our Italian biofuels facility adds near-term revenue and

strategic diversification.

This recognition belongs to our dedicated team, whose expertise and commitment in challenging Arctic and industrial environments have been outstanding. We also thank our supportive shareholders for their continued belief in our strategy, as well as our partners in Greenland and Italy and the service companies working alongside us.

As a company we are very excited by the future and look forward to sharing the journey ahead with all our stakeholders. While proud of the progress achieved to date, our focus remains firmly on execution and delivering results that match the scale of these outstanding opportunities.

Thank you to the Online Money Awards, and everyone that voted, for this honour.
